

Activity 34

Aim:

Church Notice Board To ensure a bridge between church and school.

You will need – School calendar, school prayer, photographs of events, and suggestion slips.

Activity – Development of a Church Notice Board.

We are very lucky to have lots of volunteers from St Philips church to help us in school. We made a notice board in church to show the congregation all the many activities that we do in school. We include a copy of the school prayer we wrote so that when members of the congregation come into school they can join in with us. We attend church once a month for the family service.
