

## Activity 38

### Aim:

**Ethos Evidence Books**  
To keep a record of all the activities and findings of ethos group.

You will need – Large plain books, camera, glue, pens and coloured pens.

### Activity – Ethos evidence books

It is important to keep a record of all the amazing work you do as an ethos group. We photograph everything we do and keep copies of questionnaires and surveys in our evidence book. We comment on how effective our worship, activities and values day have been. We also use our evidence books to produce mind map when we are beginning to look at a new value. We also put copies of our power points we use for worship and how we would improve on our worship for the next time.
