

## Activity 40

### Aim:

You will need – Faith questionnaire, pens and computer

### Activity – Faith questionnaires

You will need to devise a questionnaire about faith. You could use any of your values to form a questionnaire about. Once you have devised your questionnaire give it to children and adults to complete. Once you have the questionnaire back discuss the responses. It is a good idea to ask parents and governors to complete the questionnaires also. This is the questionnaire we used but you could add your own questions.
