

Activity 45

Aim:

Helping Hope Grow To explore the value of Hope

You will need – Branches, yellow ribbon, coloured card and paper, coloured pens and pencils, flowers, fabric.

Activity – To Plan and carry out a Values Day on Hope 'Helping Hope Grow'

This is a good springtime activity. Introduce the value of hope through a worship session, using bible stories e.g. the healing of blind Bartimaeus. How do we see hope grow in the story? Ask each class to make a mobile using the branches 'helping hope grow'. Bring each mobile into the hall to display. We held a coffee morning in aid of McMillan cancer care as part of our hope values day.

Watch hope grow!
