

## Activity 79

## Initial Letter Prayers

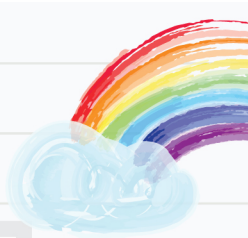

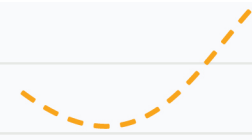

Spiritual Development:  
Prayer Exploration.

To celebrate, through prayer, all the amazing  
things God has given to us.

**You will need** – A selection of wooden or cardboard 3D letters, a selection of craft embellishments, scissors, paint, glue gun and selection of felt tip pens.

**Activity** – Firstly, choose your initial letter and paint it in the colour of your choice. Once it is dry, you can begin to decorate your initial letter. When you are decorating your letter, take some time to think how unique it is- nobody else will decorate your letter like you do. You can add beads, buttons, flowers, special buttons that depict sports, butterflies, hearts etc. When you have finished your prayer letter, share it with friends. We looked at all our letters and celebrated how different, special and unique they were. We then took some time to thank God, through prayer, for making us

all so different, with a variety of skills and talents. Remember we are special and unique in God's eyes. If using a glue gun, ALWAYS ask an adult.
