

## Activity 43

## Lead Worship on Advent

### Aim:

To understand how we can prepare in the season of Advent.

You will need – A power point presentation to reflect Advent, Reflection question to go into class reflection spaces, an Advent wreath, matches.

Activity – To lead worship on the theme of Advent

Ethos group at Bishop Bridgeman lead worship at least once every half term. When we lead worship we include certain things. First we decide on what we want others to learn. We generally use a PowerPoint presentation that we put together a week before during lunch times. We try to incorporate some information e.g. what Advent is and why and what Christians do in Advent. We also always ask children questions during worship, sometime we ask for answers sometimes we ask children to sit and reflect on the answer silently. In our worship we include reflection questions that we photocopy and put in class reflection spaces for children to use during the week. We collect them at the end of the week to look at their responses. These are the reflections we used in our Advent worship.

### **Reflection Time**

**Advent is a time to prepare.  
What changes can you make to become a better person?**

### **Advent is a Time to Reflect**

How have you been a good friend?  
How have your friends helped you?  
What qualities do you have that make you a good friend?  
What hope have you put in God this term?  
In Advent we look to the coming of Jesus as hope for the world.
