

Activity 46

Spiritual Development: Prayer Exploration

Prayer Sun Catchers

To make and use sun catchers to symbolise how prayer can break through.

You will need – Wire coat hangers, selection of beads; buttons and craft embellishments, scissors, craft wire, glue gun and tissue paper.

Activity – Take a wire coat hanger and pull it into a shape you like. Then use the craft wire to attach beads, buttons and charms to the wire. Ensure you have an adult with you for this activity, when using craft wire and a glue gun. Repeat the strings of beads across your shape. To complete, you can add scrabble letters and tissue paper. Hang your prayer sun catcher where the light will catch on the beads and tissue paper. Use your prayer sun catcher to focus your prayers.
