

Activity 44

Aim:

Reflect on Advent
To understand how we can prepare in the season of Advent.

You will need – Advent Wreath, Class Reflection Sheet

Activity – To encourage children to reflect in Advent

As part of every worship session that Ethos does or any adult does we ask classes to reflect on the worship and write down their responses. As part of our worship on Advent we gave out the reflection sheet below to go in class reflection spaces. We left it in the reflection space for one week to allow children time to add what they think. We then collect in the sheets and keep them in our evidence book. We can tell from the reflection sheets what children are thinking and if we need to do some more work on, in this case, Advent.

Class Reflection- Advent

What changes can you make to be a better person?

Write your responses on a post it note and stick them here.

Ethos group will collect them in one week.
