

Activity 16:

Aim:

Reindeer Dust

To share our values with our community

You will need – Porridge oats, glitter, reindeer dust poems, ribbon and small bags (you can make fabric ones or use clear food bags).

Activity – Reindeer Dust to sell in aid of the church boiler fund.

We decided to make reindeer dust as part of our parish day to help our church raise funds for a new boiler. First mix porridge oats with glitter. Then spoon the mixture into a small bag, tie with a ribbon making sure you attach a poem. We sold the bags in school and in church. We made 100 bags and sold them for £1. We sold them all making £100 and donated it to the boiler fund at St Philip's. It is important to help people in our local community, showing that our values are guiding us in life.
