

## Activity 81

## Telephone Prayers

Spiritual Development:  
Prayer Exploration.

To support prayer by making and using a prayer telephone.

**You will need** – Smartphone card template, scissors, selection of felt tip pens and pens.

**Activity** – Telephone prayers help to focus and talk to God. Cut out and fold the mobile phone template. Firstly, think what would you text to God today? Write your text on the mobile phone template. Decorate your mobile phone case, back and the cover. Sit and use your mobile phone to talk to God—about your worries, hopes, people close to you, the world and your family. You can do this by yourself or with a group of friends. We added our prayer mobile phone to our prayer boxes (activity 73).
