

## Activity 107 Spiritual Development:

**You will need** – Copies of 'Today I will be...' sheet and a stapler.

**Activity** – We think it is important to encourage others to think of all the positive things they can be and that is the aim of our 'Today I will be..' sheet. Make off copies of our 'Today I will be..' sheet. There is a copy of it on the resource CD in our second book or alternatively you can make your own. Cut the bottom part in-between each box so the strips can be torn off. You can staple several sheets together and display them around school so children and adults can be encouraged to have a fantastic day and be helpful, generous, happy, brave, amazing, understanding etc.

## Today I Will Be To provide others with positive affirmations.
