

## Activity 31

### Aim:

## Values Butterflies To explore Christian Values

You will need – A selection of art and craft materials, paper, coloured pens and pencils, string.

### Activity – To make values Butterflies

First you need to make your paper butterfly. To make your butterfly symmetrical fold your piece of paper in half and draw half a butterfly. Then cut it out and open it up. Next you need to decide on the value you would like to represent. Decorate your values butterfly; add quotes and reflection questions relating to the value you have chosen. When your butterfly is finished hand it in either your class reflection space or as part of a display in your entrance hall for others to read and use as part of their reflections.
