

Activity 2

Aim: To explore the life of Jesus through values.

You will need - White card, pen, bible, split pins.

Activity - To make a values spin wheel

Draw 2 circles the same size; divide the circles up into equal sections. On the bottom circle draw pictures of different stories or times in Jesus' life. In each section link it to a value. You will need to discuss with a friend why you have chosen that value to represent that part of Jesus' life or story. In the top wheel cut one section out the same size as the sections on the bottom circle. Place the top circle on top of the bottom circle and attach with a split pin. Talk to other children asking them to spin the wheel and discuss the value and their thoughts on how it represents that story or part in Jesus' life.
