

Activity 79

Spiritual Development:

Working Together Tree

To demonstrate that working together enables us to achieve more.

You will need - Felt tip pens, selection of circles, large tree outline, scissors, glitter, sequins and any additional art & craft materials.

Activity - Firstly draw a number of small circles and cut them out. Everyone in your group, class and even school can make some. Take a circle and decorate it in any way you wish, colour it and add glitter and sequins etc. Draw an outline of a tree on a large piece of paper and add all the circles that everyone has completed to make a combined piece of artwork. When the 'Working Together Tree' is completed sit back and admire your creativity. By working together we achieved much more.
